

Teachers and Leadership: Implementing the Walker Learning Approach

The following is a list of schools where teaching staff and / or leadership have participated in PD related to the implementation of the Walker Learning Approach from our organisation.

IMPORTANT: Schools listed are at various stages of their “implementation journey” – some will have teachers and leaders who have been accredited in the Walker Learning Approach implementation while others are just beginning.

Leaders and teachers accredited in the Walker Learning Approach are listed in the "Accredited Teachers" attachment (these lists are updated annually in January).
