

Principals and Leadership Teams Professional Development

Kathy Walker and Shona Bass
2011 Friday 21st October 9am – 12pm

Implementation of any major teaching and learning approach will have limited sustainability without the understanding, support and commitment from leadership. This session is specifically designed for principals and leadership teams. In this session we present an outline of the WLA and the key implementation recommendations for working with parents and staff. We demonstrate how to implement the approach successfully over a 2-3 year strategic plan.

This session is appropriate for principals and leadership teams of any school currently or intending to implement the Walker Learning Approach.
